

Software Developer (m/f/d)

Entry level: Professionals

Employment Type: Full-Time

Function: Information technology

Location: Kromberg & Schubert Romania Me SRL, Str. Semaforului Nr.30 A, 550320 Sibiu , Rumänien

As a global family business and leading supplier to the automotive industry, we develop and produce complex wiring systems for the mobility of tomorrow. With more than 40 locations worldwide, internationality meets a great working atmosphere and many exciting tasks.

We at Kromberg & Schubert get a lot moving: with great enthusiasm also the careers of our employees.

The tasks:

- › Developing applications in our ERP system which is developed by Kromberg and Schubert, as to specifications by the departments
- › Supporting the implementation of new Software at our international production sites
- › Providing second-level-support for existing applications
- › Working close together with the developer team from the Headquarter in Abensberg - Germany

Our positive sides:

- › Interdisciplinary teams developing international solutions
- › Familial atmosphere & fantastic colleagues
- › Targeted further training programmes on both technical and personal issues
- › Support for a wide range of career paths: whether expert, management or project careers
- › Team events: from after-work gatherings to company runs & summer parties

Ideal starting conditions:

- › Academic studies of Computer Sciences
- › Experience of GUI design
- › Knowledge of relational data bases and SQL
- › Knowledge in object-oriented development, preferable C++, could also be HTML5, CSS# and Java Script
- › Knowledge of class library Qt would be an advantage
- › Knowledge of operating system UNIX or Linux
- › High willingness to travel
- › Ability to work in a team but also ability to be proactive
- › English fluent in spoken and written, German is a plus

What sets us apart:

- › We are a global leader specialized in wiring systems for the automotive industry.
- › We enable international experience and embrace global challenges.
- › We offer ideal prospects both locally and on the international stage.
- › We uphold values like trust, staff satisfaction and appreciation.
- › We stand for optimism, innovation and a drive to succeed.
